

# Creating an Uneducated Populace

awarded to

Senator Rick Santorum

in honor of the contributions he has made to saving our public education system the embarrassment of students who cannot fulfill graduation requirements. In his wisdom, Senator Santorum has supported pushing children through the system, regardless of capability or knowledge, and as a result will provide our state with an uneducated workforce that will form the foundation of our underpaid service economy.

# American Patriot Award

awarded to

Senator Rick Santorum

in honor of patriotically eroding the fundamentals upon which our country was built: life, liberty, and the pursuit of happiness. For legalizing the subjugation of dissent. For his valiant efforts toward realizing the long-envisioned goal of human cloning by legislating against ideological and spiritual differences.

# War Without End

awarded to

Senator Rick Santorum

in honor of

setting an example for our nation's children that preemptive overwhelming force is a valid way to resolve conflict: the biggest bully always wins. We are pleased that he recognizes that permanent war is the only way to secure enduring peace; that the best way to eliminate terrorism is to inflict terror, "shock and awe"; and that the best way to remedy the poverty perpetuated by US-enforced sanctions is to obliterate an innocent, impoverished population. For recognizing that there are stipulations on the value of human life.
